SELLING SECURITY HOLDERS

The information set forth in the tables of selling security holders was furnished to us on or before September 11, 2008. Because selling security holders may trade all or some of the notes, and common stock issuable upon conversion of the notes, listed at any time without notifying us, the tables of selling security holders may not reflect, as of the date of this prospectus supplement, the exact value of the notes and common stock issuable upon conversion of the notes. In addition, the selling security holders listed in the tables may have acquired, sold or transferred, in transactions exempt from the registration requirements of the Securities Act of 1933, some or all of their notes, or common stock issuable upon conversion of the notes, since the date as of which the information in the table is presented.

The table included in the section captioned "Selling Security Holders" of the prospectus, as previously filed and supplemented, is hereby further supplemented and amended to reflect the selling security holders identified below and to reflect the notes, and common stock issuable upon conversion of the notes, for such selling security holders:

- (1) Because the selling security holder may sell pursuant to the prospectus all or a portion of the offered notes or common stock issuable upon conversion of the notes, we cannot know or estimate the number or percentage of notes and common stock that the selling security holder will hold upon the termination of any particular offering. Please refer to the "Plan of Distribution" beginning on page 71 of the prospectus. The information presented assumes that the selling security holder will fully convert the notes for cash and shares of our common stock, and that the selling security holder will sell all shares of our common stock that it receives pursuant to such conversion.

The maximum aggregate principal amount of Notes that may be sold pursuant to this prospectus will not exceed \$250,000,000.

- (2) Includes shares of our common stock issuable upon conversion of the notes.
- (3) The maximum number of shares of our common stock issuable upon conversion of the notes is calculated assuming the conversion of the full amount of notes held by the selling security holders at the initial conversion price of \$48.48 per share, which corresponds to the initial conversion rate of 20.6260 shares per \$1,000 principal amount of the notes. This conversion price is subject to adjustment as described under "Description of Notes—Conversion Rights—Conversion Rate Adjustments." Accordingly, the number of shares of our common stock to be offered using this prospectus may increase or decrease over time. Fractional shares will not be issued upon conversion of the notes. Instead, we will pay cash in lieu of fractional shares, if any. Due to the effects of rounding, the numbers shown in this column do not equal exactly 20.6260 shares per \$1,000 principal amount of the notes.

- (4) Alexandra Investment Management, LLC, a Delaware limited liability company (“Alexandra”), serves as investment adviser to the Selling Securityholder (beneficial owner). By reason of such relationship, Alexandra may be deemed to share dispositive power or investment control over the shares of common stock stated as beneficially owned by the Selling Securityholder. Alexandra disclaims beneficial ownership of such shares of common stock. Mikhail A. Filimonov (“Filimonov”) is a managing member of Alexandra. By reason of such relationship, Filimonov may be deemed to share dispositive power or investment control over the shares of common stock stated as beneficially owned by the Selling Securityholder. Filimonov disclaims beneficial ownership of such shares of common stock.
- (5) This selling security holder has indicated that it is not aware of any position, office or directorship relationship with the Company or its affiliates; however, it may or may not have, from time to time, acted in a financial investment advisory capacity to the Company. For the purposes of this table, we have assumed it does not.
- (6) This selling security holder has identified itself as an affiliate of a registered broker-dealer and has represented to us that such selling security holder acquired its notes and the beneficial interest in the common stock issuable upon conversion of the notes in the ordinary course of business and, at the time of the purchase of the notes and the beneficial interest in the common stock issuable upon conversion of the notes, such selling security holder had no agreements or understandings, directly or indirectly, with any person to distribute the notes or the common stock issuable upon conversion of the notes. To the extent that we become aware that such selling security holder did not acquire its notes or common stock issuable upon conversion of the notes in the ordinary course of business or did have such an agreement or understanding, we will file a prospectus supplement to the registration statement of which this prospectus is a part to designate such affiliate as an “underwriter” within the meaning of the Securities Act.

- (7) This selling security holder has identified itself as a registered broker-dealer and, accordingly, it is deemed to be, under the interpretations of the Commission, an “underwriter” within the meaning of the Securities Act. See “Plan of Distribution” as set forth in the prospectus, as previously supplemented, for required disclosure regarding this selling security holder.

This selling security holder has indicated that it is required to file, or it is a wholly owned subsidiary of a company that is required to file, periodic reports with the Securities and Exchange Commission pursuant to Section 13(a) or 15(d) of the Exchange Act.
